QUILLS INTERIORS

WELCOME

Quills Interiors is the furniture division of the Quills Group.

Our experts are on hand to provide assistance and advice on all of your office furniture requirements, from the initial design and planning, all the way through to implementation.

We're proud to work with clients across the legal, commercial and public sectors and there's no job too big or small. Redesigning your office doesn't need to be stressful so why not get in touch?

OUR COMMITMENT TO YOU

QUALITY

We pride ourselves on always providing high quality results that you'll love – so our biggest commitment to you is ensuring quality is never compromised.

Our Interiors Specialists are on hand every step of the way to make your vision a reality; our role is to understand your requirements and help you to find the perfect products to meet your needs.

Bringing your project to life doesn't need to be stressful, time-consuming or over expensive. That's where we come in.

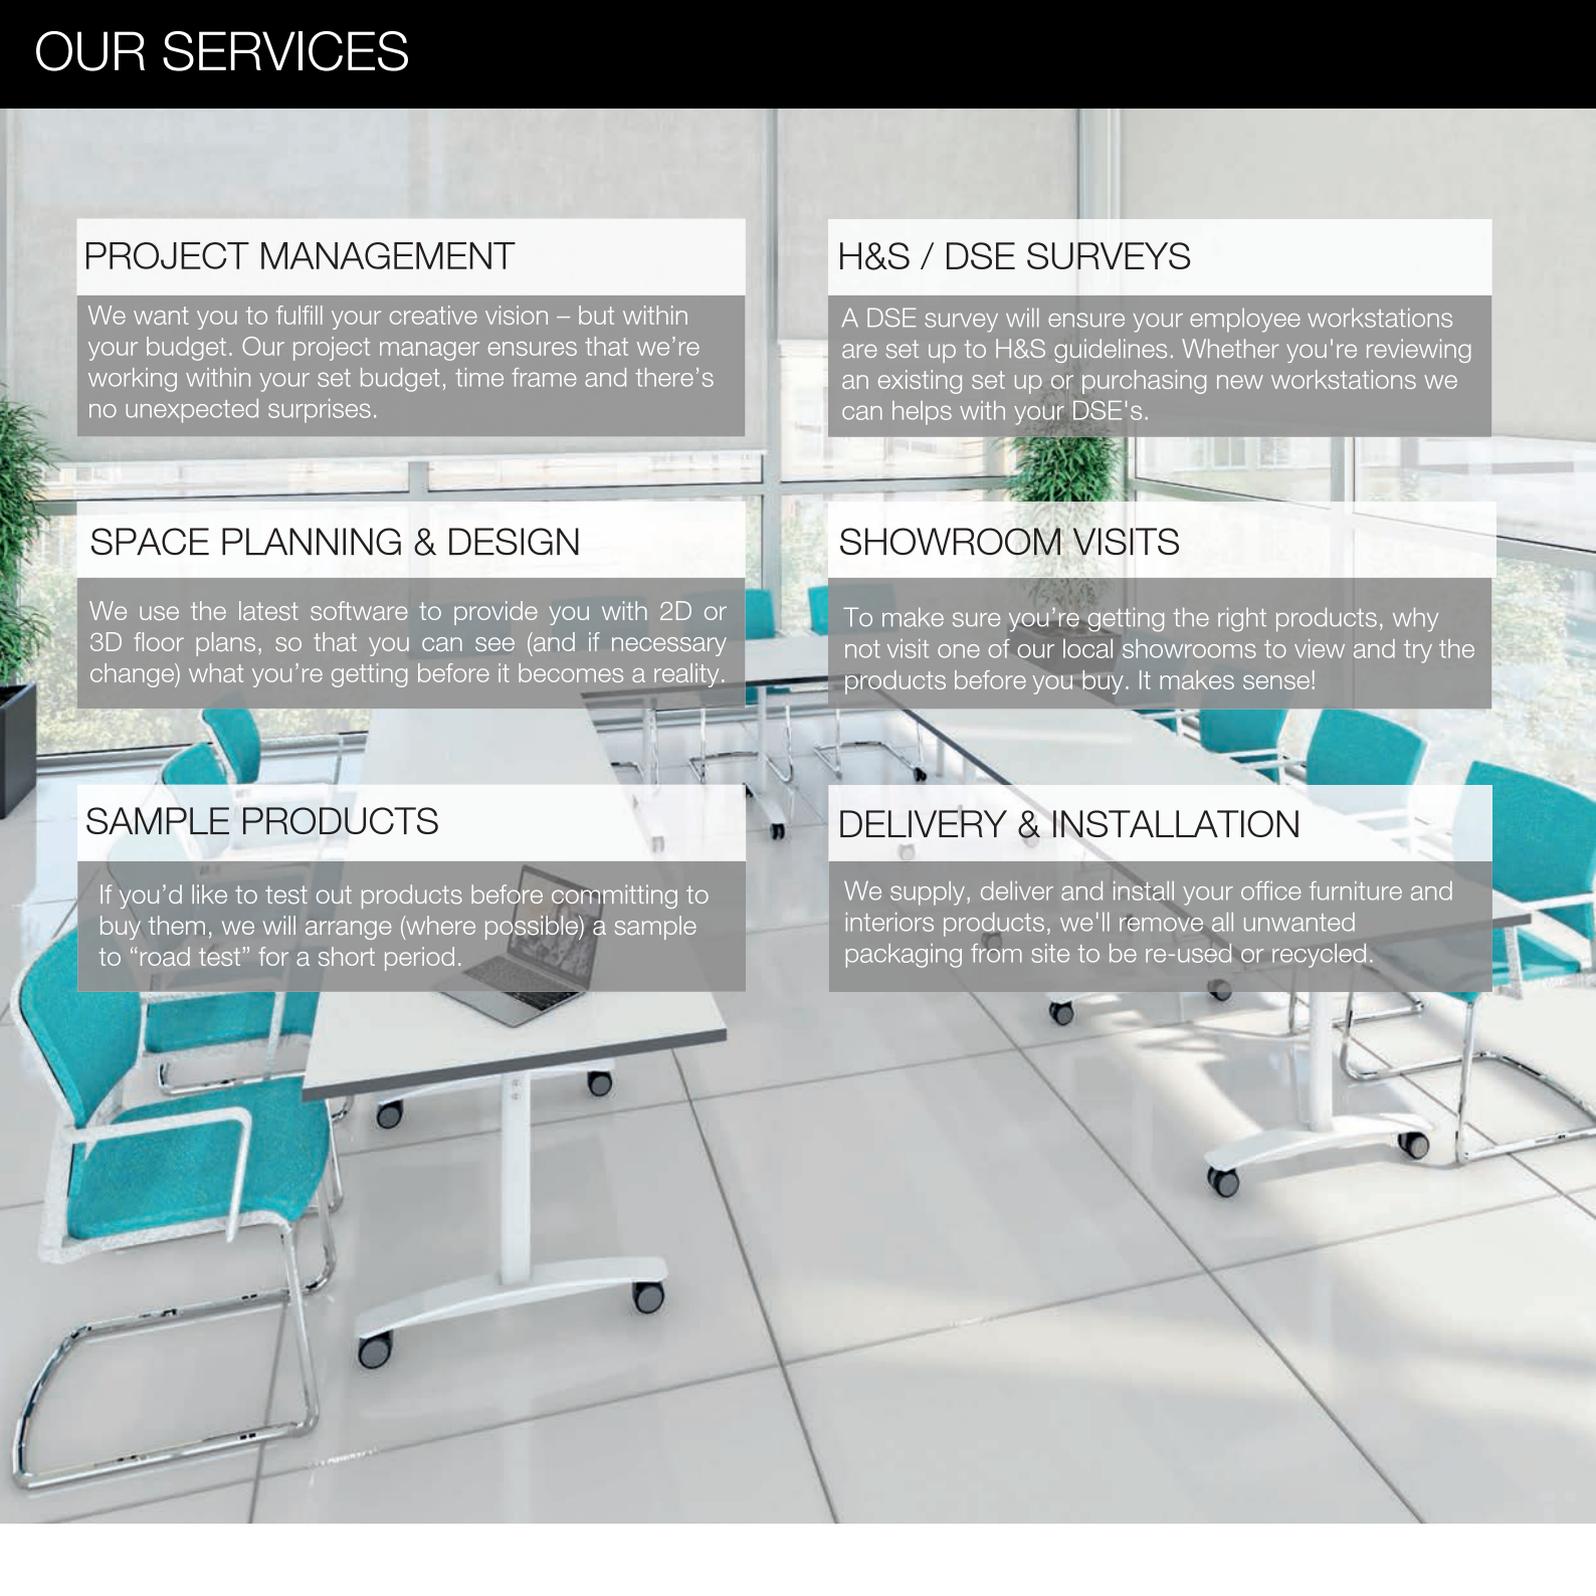

ENVIRONMENT

We work closely with our partners and clients to ensure we consider the environmental impact during the sourcing of new products. If you would like to recycle your old furniture we can help and advise you on the steps to take.

We carefully select manufacturers who have the relevant FSC, FIRA, FISP & ISO accreditations and can provide furniture that is 100% recyclable and/or products that have been manufactured using recyclable materials.

OUR SERVICES

PROJECT MANAGEMENT

We want you to fulfill your creative vision – but within your budget. Our project manager ensures that we're working within your set budget, time frame and there's no unexpected surprises.

H&S / DSE SURVEYS

A DSE survey will ensure your employee workstations are set up to H&S guidelines. Whether you're reviewing an existing set up or purchasing new workstations we can help with your DSE's.

SPACE PLANNING & DESIGN

We use the latest software to provide you with 2D or 3D floor plans, so that you can see (and if necessary change) what you're getting before it becomes a reality.

SHOWROOM VISITS

To make sure you're getting the right products, why not visit one of our local showrooms to view and try the products before you buy. It makes sense!

SAMPLE PRODUCTS

If you'd like to test out products before committing to buy them, we will arrange (where possible) a sample to "road test" for a short period.

DELIVERY & INSTALLATION

We supply, deliver and install your office furniture and interiors products, we'll remove all unwanted packaging from site to be re-used or recycled.

LINAK MOTORS

LINAK are a leading supplier of high quality adjustment solutions for the office furniture market. Providing complete flexible actuator systems for height adjustable desks, worktables and counters, LINAK enjoy a solid reputation as a dedicated partner and advisor to office furniture manufacturers.

GAMING TABLES

POOL TABLES

Why not enhance your office by adding a gaming table. This encourages employee interaction and will add some fun to lunch times in the office.

Our personal favourite is the dual purpose pool table that doubles up as a board room / dining table. A versatile addition to break out rooms and we love ours.
