Featured on these pages is our thoughtfully designed range for 2019.

Our 20th Anniversary makes us conscious not only of our creative path but also of our environmental legacy.

There's no hiding it, we love paper!  
The endless textures, colours and finishes ...  
we can't get enough!

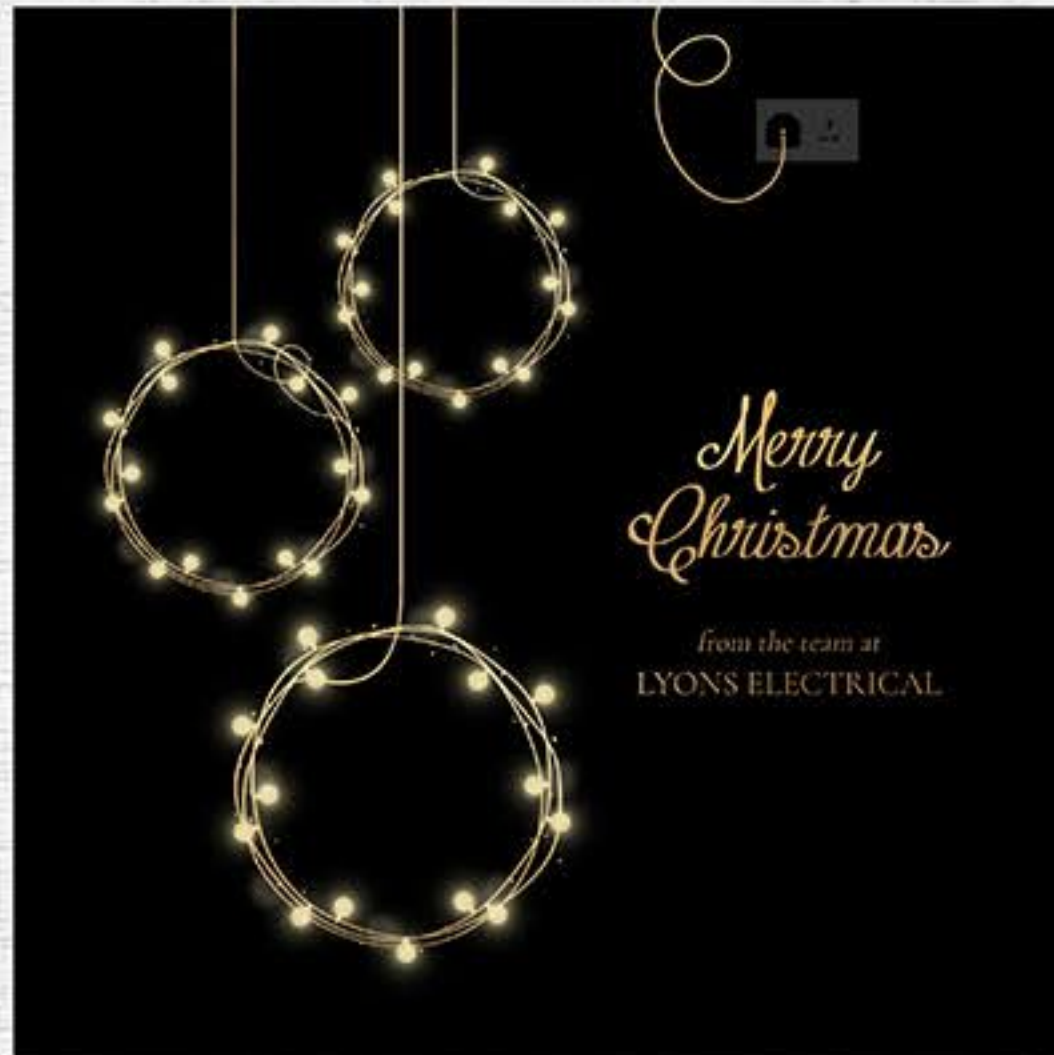

We want to ensure everyone can continue enjoying these qualities so we're keen to reinvest in everyone's future, aiming to be carbon neutral by planting trees across the UK. Not only that but the paper stocks we use are already from verified sustainable sources. Effectively, we're doubling down on sustainability!

# SOMETHING DIFFERENT

We're really excited to introduce our new range of quality finishes this year and offer something a bit different!

In addition to our thick glossy standard card, we now bring you beautiful matte card for a more rustic feel. For a touch of luxury there's our textured card and for that bold, statement piece we have atmospheric navy and black coloured card. Not only that, but we now also offer metallic foil which you can use in combination with our various papers to really maximise impact and create that special impression.

## 5 SIMPLE WAYS TO BUILD A BETTER TEAM

- 1: **Communication is Vital** - hold regular team meetings so everyone is on the same page.
- 2: **Encourage Social Time** - get together outside of the work environment, showing we're all human makes it easier to relate and get along.
- 3: **Clarify Roles and Responsibilities** - the biggest source of stress is not knowing what's expected. Every single person needs to understand their responsibilities.
- 4: **Shared Goals** - as a whole, members of the business will naturally have this, but getting everyone to envisage what 'success' looks like creates a feeling of bonding and unity.
- 5: **Lead by Example** - be good to your word and do what you say you'll do. With everyone on board, you'll build a strong mutual respect.

Following these steps will ensure you've got a team to be reckoned with!

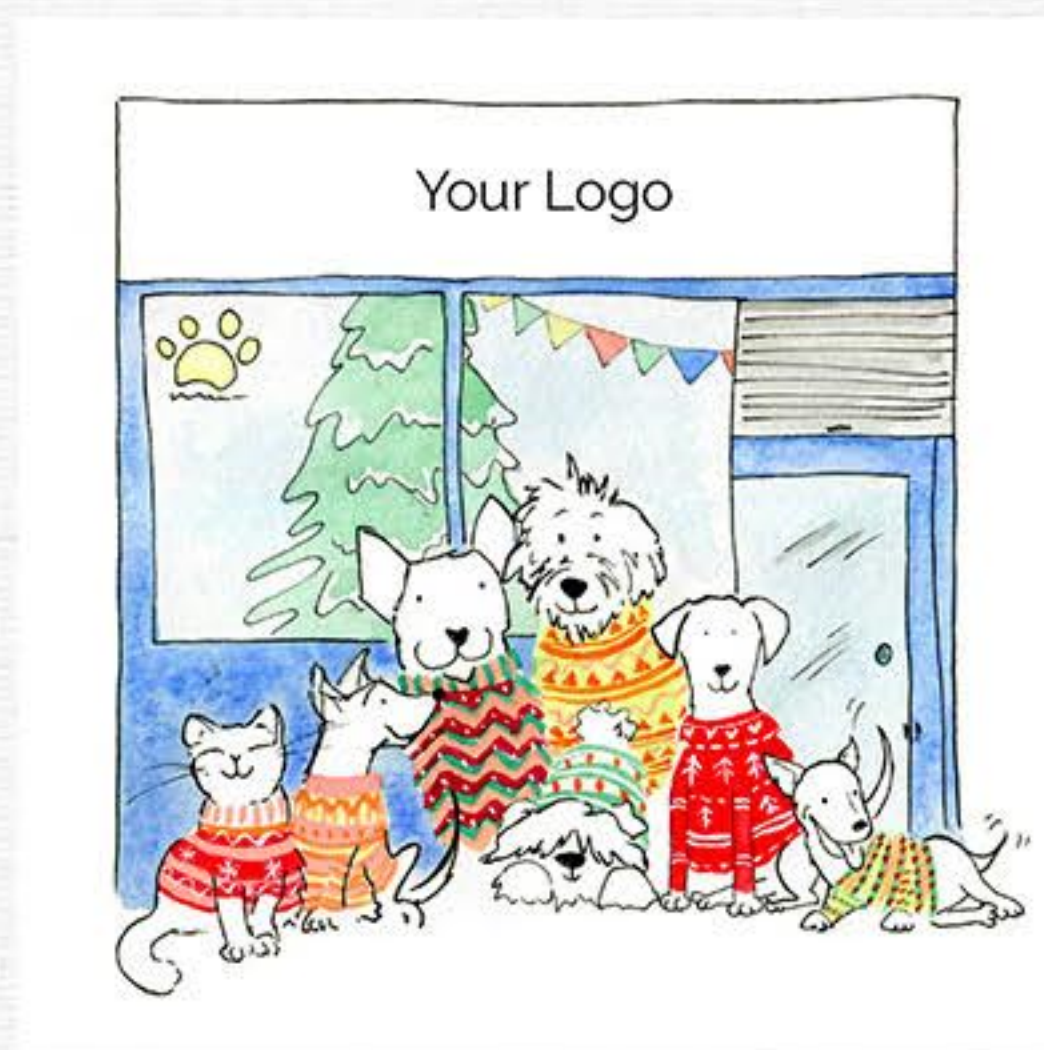

We understand that it is vital for Customers to fall in love with your brand so we have made our corporate Christmas cards as flexible as possible. For a small fee our team of graphic designers can adapt our designs and artwork to suit your needs. Email us on [proofing@paperisle.co.uk](mailto:proofing@paperisle.co.uk) to see examples.

# THANKS FOR EVERYTHING

What does Christmas mean to you? In this modern, digitally-connected world we're constantly bombarded with negativity. There's little doubt these things take a toll on your well-being. The beginning of your journey to happiness starts by reflecting on all the good things in your life. Why not prime your mind for positivity?

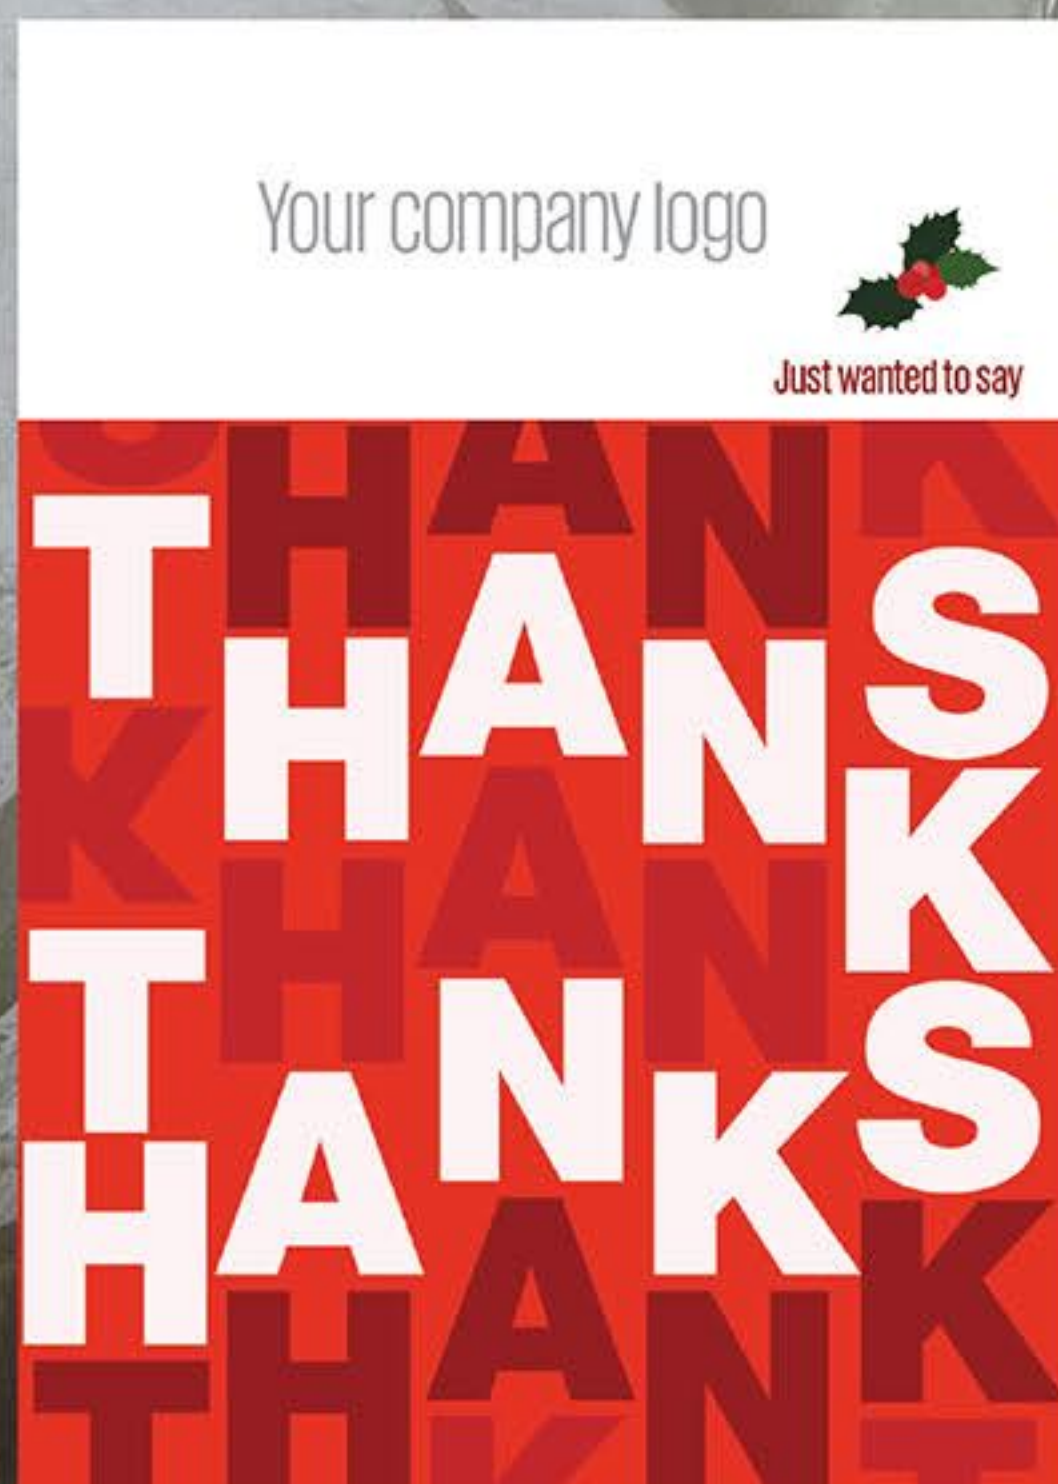

51.

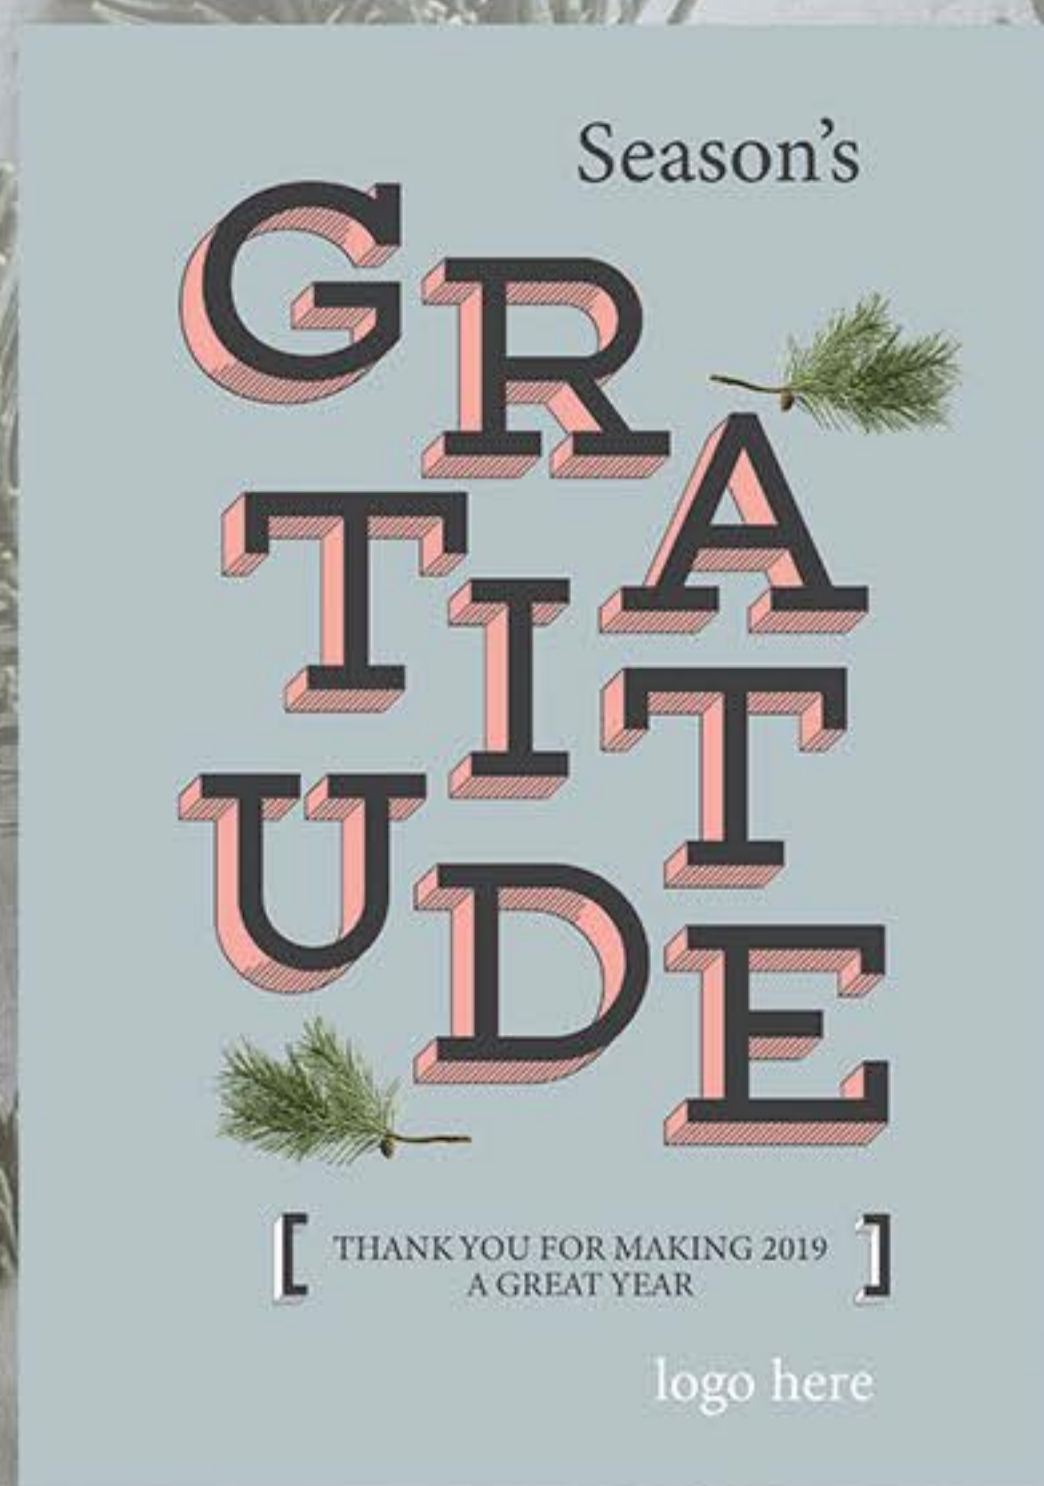

52.

53.

54.

# Gratitude Challenge!

Every morning when you wake up, think of 3 things to be grateful for! They don't have to be big, it could be as simple as the fresh brew from your new coffee machine or the cosy feeling of your lined slippers. This is a simple habit that will pay real dividends in your life. Even if you're only 10% happier, that will build day on day - suddenly you'll find yourself filtering your world in search of the good, not the bad. Hopefully you're grateful for your job, your friends at work and the lifestyle that affords you. Take the time to thank your customers and clients for being part of that journey and re-introduce the new, positive thinking you.
